

FAMILY HOUSE

Upcoming Power Outage (1/30/26)

To continue providing a safe and reliable environment for your patients, Family House has installed a new generator. As part of this upgrade, there will be a planned power outage on Friday, January 30th.

Schedule for the day

Brief, total outages:

- From 10:00-10:30 a.m. EST. the building will have no power.
- The building will be without power again from 5:30-6:00 p.m.

While on generator power:

- From 10:30 a.m. to approximately 6:30 p.m., the building will operate on auxiliary power.
- Lights, outlets, WiFi, phones, and computers should be unaffected.
- Elevators and HVAC will not be running, but space heaters will be provided on the ground floor.

Guest check-in time will be moved to 5:00 p.m. at the earliest for this day only.

Thank you for your cooperation!

While conditions are not ideal given the weather and current occupancy, the risk of losing power makes it critical that this generator is installed and operational.

We sincerely appreciate your patience and understanding as we make these improvements to better serve your patients and their caregivers.

Please reach out to Kyalie at kmizerak@familyhouse.org with concerns.
