

WHO WE ARE

Family House operates one location near Pittsburgh's world-renowned hospitals and offers the comforts of home and convenience to loved ones at affordable rates. Our staff and volunteers give families the peace-of-mind to focus on the care of those closest to them.

Patients and families are able to interact and form friendships over meals and shared activities, united by their circumstances, struggles, and triumphs.

Family House eases the anxiety of our guests by offering transportation to and from hospitals, as well as local grocery stores and pharmacies.

In addition, complimentary daily breakfast and a food pantry are available, and volunteer groups frequently prepare meals for guests to enjoy.
